corporate profile.

company overview.

ITTS group has supplied and continues to supply natural stone in all forms, porcelain tiles, mosaics, engineered timber flooring and concrete and natural stone pavers to a worldwide group of customers and projects for over 30 years.

With showrooms and factories located in 5 countries including Vietnam, Cambodia, China, Indonesia and Australia; selection, design, costings, purchasing, supply, and manufacturing is within our daily roles.

With good communication between all group offices and daily contact with over 60 suppliers worldwide, it makes continuous information flow a breeze. Take a look at our respectable completed projects list (on page 24) in over 12 countries with millions of square metres supplied successfully, on time, and of 1st quality.

In addition to sourcing the basic and rare best materials we can cater for the following:

- Specifying the correct product for the application
- 3D concept rendering with our products in mind
- shop drawing creation and calculations
- installation service as well as technical advice on preparation, adhesive, grout and sealers
- documented quality control throughout the project
- post installation maintenance
- warranty and guarantee on our work and product.

ITTS Group adheres to a honest and ethical code of conduct in regards to all business dealings, remaining professional at all times.

ITTSGROUP

'Direct from the source to ITTS Group delivered to the customer.'

leadership essence.

Leading the way in supplying all products in our portfolio to a list of thousands of happy developers, builders, architects and retail clientele to over 12 countries.

We lead the way in modern manufacturing techniques, up-to-date colour selections and organisational systems that allows us to source what sometimes may seem impossible.

With a can do attitude, nothing is impossible, merely just a solution required.

board of members.

John Miteloudis.

John Miteloudis description 'A doctor in natural stone.' For over 20 years and at the helm of Adelaide marble for 17 years manufacturing 40% of Adelaide's stone benchtops, head of purchasing for the group. Responsible for 450 containers per year.

Spiro Miteloudis.

Spiro Miteloudis- with the ability to implement modern manufacturing methods to ensure quality is of the highest level, efficiency of the highest level and with continual flow. Logistics not limited to internal factories but purchasing and supply chain over many locations supplying product on time, every time.

Paul Contos.

Paul contos with a civil engineering background makes the technical knowledge simple to understand, implement and specify the correct product. Natural stone, porcelain engineered flooring all need to be sourced, purchased and supplied from factories with the same technical knowledge standard to ensure products don't fail. Responsible for 200 containers per years both import and export.

Thuy Tran.

With almost 10 years in the industry and a keen eye for detail, he lifts the limits on quality control for product sourced and supplied and especially the finished installed result.

On-site inspection and documentation helps control the project and deliver a favourable outcome for all involved. Thuy's goal is to deliver all work on-time, without cost variations and defect free.

Lien Huynh.

Lien Huynh has been importing products and costing projects for 10 years, managing the costings, quantity take offs, and total project cost estimation is an integral part to keeping the project on budget.

With a flair for colour selections, the right items are chosen for the right application and with working with higher end finishes keeping costs to minimum is a must.

Peter Huang.

15 years experience in the stone industry, intimate knowledge on local Chinese and imported materials, strong understanding of export quality standards and protocols. Good understanding of AutoCad and job costing and estimating, personally responsible for export of over 1000 container to over 40 countries worldwide. Sourced, produced and supplied to such projects like Adelaide airport, Esthonia Tallinn Hotel, Armenian memorial hall, Bucharest square, Hungarian cemetery garden, Russian Khabarovsk railway station. Kaiyuan Hilton Hotel Hangzhou and Sheraton Hotel, Fuzhou City. An intergral part to our worldwide supply chain.

Adelaide Marble Specialists was formally established in 1981 by Nick Miteloudis who was a qualified stone mason, a trade which his sons John and Spiro had a great interest in from a very young age.

John joined his father in 1997 and was later joined by his brother Spiro in 1999.

In the early days of the business Nick mainly focused on Marble work, however once John took over running the business, many benchtop materials have been added to the range and substantial stocks of Marble, Granite, Quartzite, man-made products with the likes of Caesarstone,

Essastone and Quantum Quartz have proved popular.

The business remains a family owned Company and prides itself on being market leaders who offer an outstanding finished product which aims at converting dream kitchens/bathrooms into reality.

Service quality is number one and we love hearing accolades from our many satisfied clients.

The following gives us the edge in benchtop manufacturing;

- Engaged sales people who match client needs with what is available
- family run business for over 30 years
- modern purpose built in line factory covering 3800 sqm
- state of the art high tech machinery
- focused experienced workforce
- quality control with particular attention to detail
- large stocks of stone on hand reduces installation times.

www.adelaidemarble.com.au

ADELAIDE GRANITE Specialists are South Australia's leading family owned and operated manufacturers of kitchen benchtops, supplying both direct to the building industry whilst maintaining a balance with retail clientele.

With over thirty years experience, we pride ourselves in sourcing the best quality materials for kitchen tops. Our factory is equipped with modern German built stone cutting machines to ensure you get the best quality finishes for your surfaces.

Not only limited to kitchen benchtops, we

have a vast range of products to lift the style level in your home. Whether you are after a sleek polished tile for inside or a hard wearing outdoor paver, our large selection of tiles are bound to suit your type of lifestyle.

Whatever product you are after, we strive to find the best available to supply to our wide based clientele and are constantly sourcing products for textures and colours to suit the current times and style.

Rubio
MONOCOAT

australia. vietnam. indonesia.

Our group offers a solution for both the manufacturer and the purchaser in Australia, most importers now have the ability to select colours in the showroom in Australia and specify their manufacturer of furniture or timber flooring in Vietnam and Indonesia.

Wood is a natural and noble resource that deserves superior protection.

Therefore, we are committed to continual research and development with the expressed purpose of providing the best product available with full regard to the environment.

Rubio Monocoat oil has unrivalled characteristics. The natural ingredients on which the oil is based generate a molecular reaction with the uppermost cellulose fibres of the wood. This high technology ensures that our oils are eco-friendly, are easy to apply and of superior quality.

The extensive assortment contains oils for indoor as well as outdoor wood and are used for both on-site and industrial purposes.

Rubio Monocoat is also known for its wide range of colours.

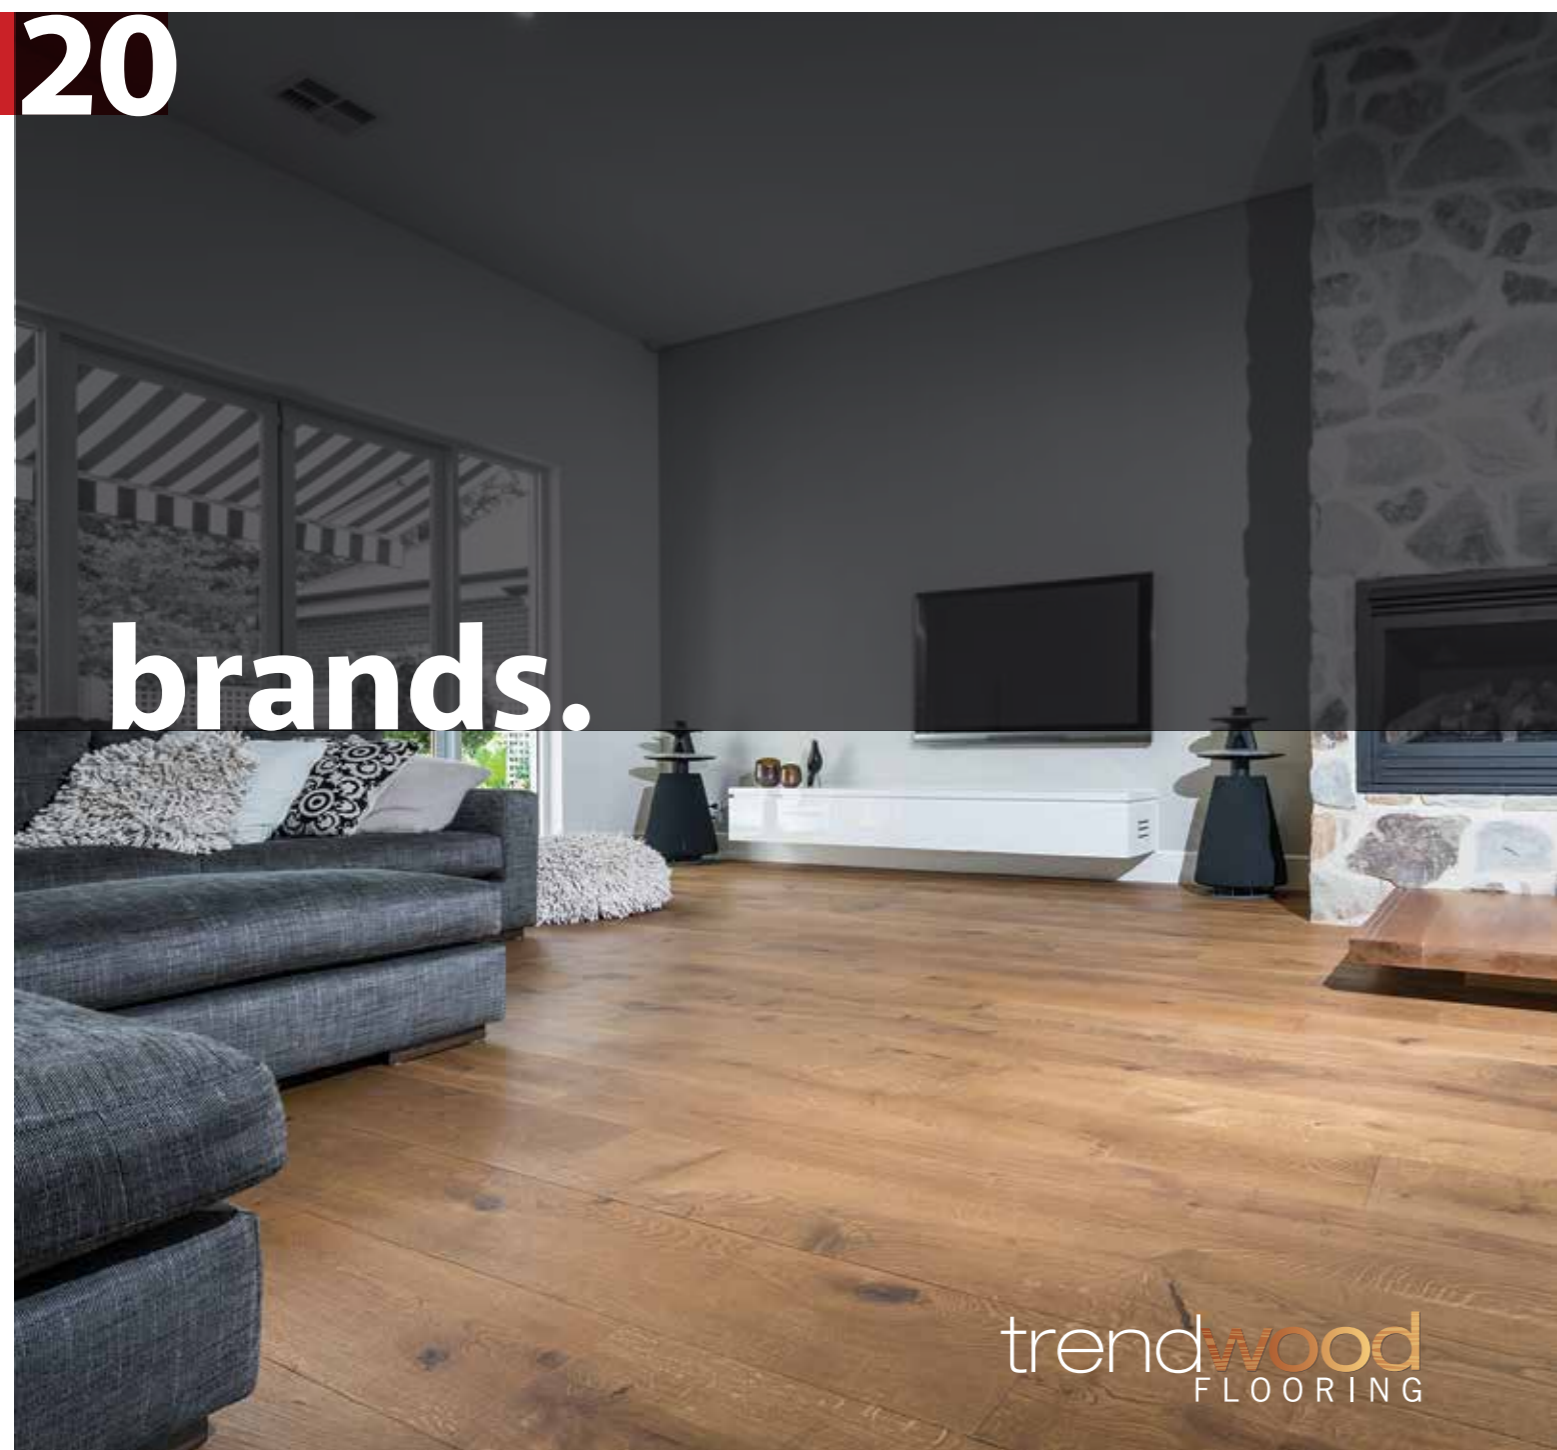

High technology in a green can: that's Rubio Monocoat.

- Colours and protects in one layer.
- 40 fantastic colours.
- Respects the natural 'look and feel' of the wood.
- Environmentally friendly: 0% VOC!
- Doesn't contain water.

- Easy to maintain.
- Low consumption: 1 litre reaches for 30 to 50 m².
- Applies to all kinds of wood.
- Very high resistance.
- Water resistant.
- Heat resistant.

trendwood FLOORING

A rich and fine collection of antique floors meticulously sculpted from Oak. Stunning parquetry panels by hand. Every piece carefully selected and crafted to create timber floors of exquisite beauty: Beyond Timber's Antique Range.

Your own personalised patterns, designs and creations can be shaped and completely customised.

We have chosen to only work with species that are sustainable as we care for the environment and understand all too well

that the resources we deal with are not endless if not properly taken care of. To extend that care to your environment, we use VOC-free natural oils to protect your floor, not only an environmentally friendly option but also one that promotes healthy living.

We hope you enjoy our Antique collection and become as inspired as we are with this range.

www.antikparquet.com

TRENDWOOD is proud to have established itself as a reliable, quality oriented, and cost effective supplier of engineered timber flooring products to the architectural specification and the residential development markets internationally. We have been exporting to Japan, the USA and Europe.

We actively work with our customers on all types of residential and commercial projects.

We are committed to inspire our customers with our cutting edge products, aiming to achieve optimum results with

respect to design, quality, functionality, and budget requirements.

We import high quality certified KD White Oak and Black Walnut from the USA and European Oak from France and Germany.

All timber is certified FSC, PEFC, Well Managed Forests, Sustainable Hardwoods. Raw materials are carefully selected to meet International Standard and satisfy our customers. Glue, UV and Oil are high quality from Japan, Germany and the USA. Our engineered flooring can be used in damp places like basements, in hot and cold environments, and over "Under-floor

heating". We can supply diverse range of colours and textures.

Our flooring products are manufactured by the "clean and green" technology which is environmentally friendly. Our products meet the strict criteria of markets in the US, Japan and Europe. We constantly invest in the latest innovative technology so that we could provide quality and enduring products to the market at a very reasonable price.

www.trendwoodasiapacific.com

products.

With over 30 years experience, at ITTS Group we have a solution for every enquiry, whether its natural stone, aggregate, blocks, marble and granite tiles or slabs we have a selection for you.

At ITTS Group, you will find much more than just kitchen benchtops. Further to this, we specialise in providing high quality pavers and tiles to the Adelaide, Melbourne, Denpasar, Saigon and Phnompenh market. ITTS Group has a vast range of products to lift the style level in your home. Whether you're after a sleek polished tile for inside or a hard wearing outdoor paver, our large selection of tiles are bound to suit your type of lifestyle. Whatever product you're after, the team at ITTS Group will strive to find the best in our range for you.

Natural Stone & Quartz Surfaces.

Natural stone and quartz surfaces have been the trend for many years and they continue to be a popular choice for kitchen tops, vanity tops, laundry tops and many more residential and commercial surfaces in Adelaide. If a natural look is what you're seeking, then granite is a great traditional choice. We have a selection of colours to choose from and you're guaranteed a long lasting natural product. Varying from colour to colour, granite stone looks unique and ageless with its natural characteristics.

Marble and limestone are classic and exquisite natural materials. They are used widely in a range of surfaces because of their soft and elegant look. They aren't as hard wearing as granite and will need a lot more care and attention. However with the right design and appropriate application, marble or limestone surfaces will compliment your home in a way that speaks like no other.

The beauty of natural stone can make the ultimate statement in your home. You can opt for a classic look or more of a modern feel – the choice is endless! Quartz is a reconstituted product that is man-made and used specifically for interior surfaces. There are many well-known brands that offer a wide range of colours to suit any design to compliment your home and lifestyle. Talk to ITTS Group today about our range of natural and quartz stones including Silestone, Quantum Quartz, Freestyle, Staron, Hi-Macs, Essastone, Caesarstone, Smartstone, Corian, Fioranese, Provenza, Ragno, Marazzi, Kerlite, Leaceramiche, Marco Corona and Ariostea.

Solid Surface.

Australia's best-kept secret – a product when completed that gives a kitchen top a seamless look. It can be repaired and polished at any time during its life-cycle and it continues to be a popular choice for benchtops for years! Solid surface has

the advantage of creating shapes such as curves and moulded basins to transport your top to another level. Your design can speak our loud with the creative manufacturing of such unique products.

Benchtops.

At ITTS Group we specialise in granite benchtops, stone benchtops, natural stone benchtops, quartz surfaces, solid surfaces, acrylic surfaces and porcelain surfaces in Adelaide. We supply custom-made bench tops for a range of décor options and styles. Talk to ITTS Group about our options to decorating your surfaces!

Granite benchtops

ITTS Group specialises in creating granite benchtops for kitchens, laundry, desks and any other applications. Granite benchtops offer beautiful and strong surfaces.

Natural stone benchtops

Natural stone applications boast stunning kitchens and benchtops. Stone benchtops are sleek and guarantee style in any space.

Quartz benchtops

ITTS Group specialises in creating and installing quartz benchtops. Quartz applications are sophisticated and a great option if you're thinking of renovating your kitchen.

Solid benchtops

If you're looking to install a solid surface your kitchen, ITTS Group can assist. Acrylic benchtops are an affordable alternative to the more traditional bench top surfaces.

Porcelain benchtops

Porcelain surfaces are sleek, strong and easy to maintain. They will give your kitchen that extra character you desire. Talk to us today about porcelain benchtops in Adelaide, Saigon, Melbourne, Denpasar.

Tiles.

Further to kitchen benchtops and pavers, ITTS specialise in providing high quality bathroom tiles and floor tiles in Adelaide, Saigon, Melbourne, Denpasar.

Bathroom tiles

At ITTS Group, one of our key specialties is high quality and cost-effective bathroom tiles. We have the latest styles and a diverse range of styles to suit almost any application.

Floor tiles

If you're building a new house or renovating an old one, ITTS Group can assist with your floor tiles. We have a range of styles and brands at different prices to suit any budget.

Terastone tiles

Fibonacci stone tiles are environmentally friendly products great to use in domestic applications. Whether you're looking to lay them inside or out, ITTS Group has the styles and colours to suit.

Porcelain tiles & sheets

Porcelain tiles and sheets offer a sleek, matte finish perfect for kitchens, laundry and bathrooms. Porcelain looks great and they're easy to maintain. Talk to us today about porcelain tiles in Adelaide.

Slate roof tiles

Ensure your house looks great from the outside, not just the inside. Slate is durable, strong and looks subtly distinctive. Talk to us today about slate roof tiles in Adelaide.

Wall Cladding.

Are you looking for stone cladding? No worries! Talk to the team at ITTS Group about our range of stone cladding to suit your application.

Stone veneer cladding and Stone Cladding is ideal for outdoor applications due to its strength and high quality materials.

Pavers.

ITTS Group offers the finest quality pavers suited for a range of applications in Australia. From concrete to natural stone, you're spoilt for choice a ITTS Group.

Concrete pavers

At ITTS, we have a full range of concrete pavers for a range of applications. Concrete is durable and looks unique. Talk to us today about concrete pavers in Adelaide and Melbourne.

Natural stone pavers is another paving application solution. Natural stone is versatile and a popular choice.

Mosaics.

At ITTS Group we can offer our customers extremely distinctive colours, designs and styles of mosaic tiles. ITTS is your local mosaic supplier.

Timber Flooring.

ITTS Group has been supplying quality timber flooring since our humble beginning. Trendwood Flooring is the flooring of choice, when failure is not an option.
